

Green Building Heating, Ventilating and Air-conditioning (HVAC) Operation & Maintenance

Date & Time: 2-3 June 2008, 10:00am - 5:00pm (Registration starts at 9:45am)

Venue: Business Environment Council Auditorium
G/F, Jockey Club Environmental Building, 77 Tat Chee Avenue, Kowloon Tong
(Kowloon Tong MTR Exit C1)

Fee: \$500; \$400 for BEC and supporting bodies members (Additional 5% off for 3 or more)
(2 full-day seminar included all handouts and refreshments)

Medium: English

This project is funded by the PSDAS under Commerce and Economic Development Bureau, HKSAR Government and organized by Business Environment Council. The topics of 2-day seminars cover new technological applications for energy efficient HVAC systems, operating & maintenance guidelines and standards in China and overseas and Hong Kong indoor air quality certification guide.

This seminar aims to enhance the skill sets of local facility managers, building services engineers, indoor air quality inspectors and occupational safety and hygiene practitioners in managing the built-environment.

	2 June (Monday) (Registration starts at 9:45am)	3 June 2008 (Tuesday) (Registration starts at 9:45am)
10:00am-10:45am	<i>Dynamic Modelling of PV Systems in Supporting Predictive HVAC Control</i> Dr Sam Lam	<i>Energy Audit</i> Mr Bob Baker, President American IAQ Association, USA
