— 15 Apr 2011

## Message From the Chairman

It is my great pleasure to see the distribution of this Newsletter to all members of CIBSE HKB, after a break of several years. We target to issue Newsletters regularly in order to publicize news and information about CIBSE of general interest to HKB members, such as reports of events and

summary of research studies, etc. If you have any comments and suggestions about our Newsletters, please feel free to contact us. I would also like to request for your continued participation and support in our future events. Lastly, I would like to thank the hard work of the committee

members who have helped to produce this Newsletter.

Wish you all a happy, healthy and prosperous Year of the Rabbit!

T.M. Chung  
Chairman,  
Session 2010-11

## CIBSE Medal Awards to Hong Kong Branch

On 2nd Nov 2010, the President Elect, Mr Andy Ford, presented the GOLD Medal Award to Mr Ronald Chin, the SILVER Medal Award to Mr Lam Kam Kuen and the BRONZE Medal Award to Mr Leung Ka Yue, in recognition of their invaluable contribution to CIBSE HKB.

CIBSE Medal Awards are to members whose contribution has been made through long and loyal service and those whose work has inspired all members and helped raise the profile of the profession.

Mr. Chin has been heavily involved in the work of CIBSE HKB in the past 10 years. He was the Chairman in session 2004-2005 and continuously as a Honorary Advisor since 2006. Mr. Chin has proven to be a very respected and valuable member of CIBSE and has made substantial achievements and contribution to

the development and enhancement of the building services discipline in Hong Kong

Mr. Lam has been very active in CIBSE activities. He started serving the Branch Committee in 2003. He had been the Technical Activities Coordinator and since 2006 to present, Mr. Lam is the Training and Development Co-ordinator in organizing training activities, running programs for scholarships for students and

conducting technical researches for members' benefits.

Mr. Leung has been member of CIBSE since 1990 and has served the Committee of the Branch for more than 8 years. He is currently serving as Hon Treasurer and he has been diligently performing financial management for the HK region and assisted in the registration of the CIBSE HKB as a limited company and charity organization in Hong Kong.

From left: Mr. Stephen Matthews (Chief Executive), Mr KK Lam, Mr Ronald Chin, Mr Andy Ford (President Elect) and Dr TM Chung (Chairman, HKB)

**The New Logo of Young Engineer Network**

## YEN — Our New Logo

To celebrate and promote the renaming of CIBSE-HKB YEN, a logo competition had been arranged. The winner of the competition is Mr. Woo Chun Kit, Brian.

In the new logo, the wordings of YEN use orange color, which represent our Young engineer gives energetic impression to people. The background of the logo seems metal scaffolding. Scaffolding can represent building services is belonged to

construction industry. In another point view on the background, it looks like a net, which means YEN provides a network to students and young engineers in building services industry.

Our young members can make a good social networking through joining YEN's activities. You can also find there are bolts and nuts to fix the words of YEN. Although the size of bolt and nut are very small, we cannot look down on their functions.

Similarly, each young member has their merits. If the young members can make use of their talent and give hands on YEN, then YEN will become more powerful and successful.

At last, the right hand side of the logo shown "CIBSE - Hong Kong Branch" can make people easy to know we are the sub-group of CIBSE Hong Kong Branch. To join YEN or for further information, please send an email to: [yen@cibse.org.hk](mailto:yen@cibse.org.hk)

## Annual General Meeting

The Annual General Meeting of HKB for the session 2011 / 2012 will be held at 6:30pm on Tuesday, 8 March 2011 at World Trade Centre Club, 38/F World Trade Centre, 280 Gloucester Road. A cocktail reception will be served at 5:30pm and a technical talk about a research study on design of green roof system in Hong Kong led by Dr Sam C M Hui will be delivered

by Mr K K Lam immediately after the AGM.

In the AGM, the Chairman will deliver the annual report and our Hon Treasurer will present the financial report of the session 2010 / 2011. The Vice-Chairman and 2 new committee members will be elected.

Nominations for new Branch committee members shall be sent

to and reach the Honorary Secretary by post on or before 22 February 2011. For details, members may refer to our Notification of AGM and our homepage for the Rules for Hong Kong Branch.

**Wish you all a happy, healthy and prosperous Year of the Rabbit!**

## Annual Dinner 2011

The Annual Dinner 2011 of the HK Branch will be held on Tuesday, 29 March 2011 in the JW Marriott Hotel Ballroom, Pacific Place. All members of CIBSE are encouraged and welcome to attend the Dinner and invite guests to attend.

Last year, we had the honour of the presence of Mrs Carrie Lam JP, Secretary for Development

of the HKSAR as well as a number of guests from leaders of government departments, universities and peer institutions.

Our Guest of Honour delivered a speech on a wide range of topics giving us an insight on buildings and infrastructure development in HK. Following the very entertaining talk show by the incoming chairman, Dr TM

Chung, we had the presentation of the Golf Competition Award and CIBSE Student Prizes. It was an enjoyable evening for all our guests and participants.

Looking forward to your joining us in the coming Annual Dinner.

## Energy Audit Training Course

The forthcoming legislation of Mandatory Implementation of Building Energy Code, which includes requirement of existing buildings to undergo energy audit, has increased the demand for energy auditing capability of local building services engineering professionals. With support from CIBSE headquarters, CIBSE HKB is going to provide an Energy Audit Training Course on 15 & 16 April 2011 to serve this purpose.

CIBSE has played a major role in providing technical advice to the UK government in the establishment of similar legislation in UK and in the subsequent training for building services professionals to carry out energy audit. This course, with support from CIBSE headquarters in providing course material and specialist speakers from the UK, and being complemented with experienced local speakers,

should be a valuable opportunity for professionally qualified building services engineers to supplement knowledge in energy auditing.

All interested members may refer to the notification from the HKB or our website for course details.

**Energy Audit Training Course on 15 & 16 April**

## Ken Dale Travel Bursary 2011

The Ken Dale Travel Bursary offers young building services engineers the opportunity to experience technical, economic, environmental, social and political conditions in another country and to examine how these factors impact the practice of building services engineering.

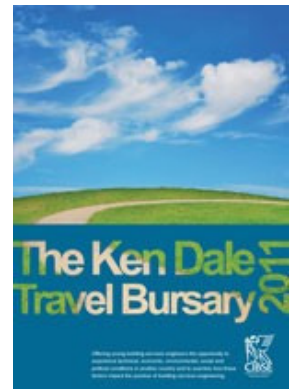

It has been established by

CIBSE to commemorate Ken Dale's contribution to the Institution and our industry. The bursary makes awards available of between £1,500 and £4,000 to CIBSE members in the developmental stage of their careers and offers the chance to travel and research areas connected with the applicant's field of work and which will benefit CIBSE, their employer,

their clients and the professions within the building services engineering industry.

For details and application, please visit our CIBSE web site [www.cibse.org/bursaries](http://www.cibse.org/bursaries). For enquiry, please contact Ms. Macy Wong at 9191 9685.

Application Deadline Date: 28 February 2011

## Joint Activities

CIBSE-HKB has never been slow in working with other societies and organizations to hold joint activities like technical visits, symposium, seminars and different courses. By working closely with our partners, we could utilize the best resources and provide more meaningful events to suit our members. Like in the past few months, we have held the "Comprehensive

Certificate Course on Fire Services", the "Seminar on District Cooling System", etc.

In the coming near future, we would also have our visit to a Chiller manufacturer in Zhu Hai as well as a course on the new impact of the new Building Energy Efficiency Ordinance CAP 610; not to mention the big event of our Annual Dinner

in March and the Annual "Mainland Joint Symposium" to Chang Sha in coming July. We would like to take this opportunity to thank our partners ASHRAE & HKIE-BSD and other professional institutions, various Government Departments and Utilities who make the wide range of technical functions possible.
