AABSE – CIBSE YEN JOINT TECHNICAL SITE VISIT

NTT COM ASIA LIMITED – TKO DATA CENTER VISIT

This visit to NTT Com Asia – TKO Data Center offers participants an opportunity to gain insights into one of Hong Kong's leading digital infrastructure providers. As part of the global NTT Group, NTT Com Asia delivers data center, network, cloud and intelligent AI solutions, supporting enterprises in their digital transformation journey.

During the visit, participants will attend a company overview presentation, receive a safety briefing, and join a guided tour of the data center facility to better understand its operations, technologies, and industry applications.
