Programme Highlight

Design for Manufacture and Assembly (DfMA) is an innovative design approach that enhances efficiency and optimization. ATAL Wo Lee DfMA Centre is one of the local factories with the adoption of the DfMA approach. This visit will introduce the production process of the prefabrication in an off-site factory and showcase the expertise of DfMA MiMEP through the display of MEP system modules to illustrate how this innovative approach can be applied. The itinerary is shown below: –

Itinerary

- 1) Introduction of the Design for Manufacture and Assembly (DfMA)
- 2) Application of DfMA MiMEP
- 3) Factory visit to the production line
