

Date : 8th March 2023 (Wednesday)

Time : 9:30 am to 11:30 am

Venue : InnoCentre, 72 Tat Chee Avenue, Kowloon Tong

Programme Highlight:

In recognition of demonstrated engineering excellence in the built environment, the Awards provide a new ground for encouraging projects in (a) building construction industry and (b) facility management industry. Most importantly, it would drive organizations and engineering professionals to collaborate and deliver the most appropriate and cost-effective solutions from design right through to installation and beyond with common goals to improve efficiency, quality, safety and reduce operating costs through more effective building services installation to the benefit of business and society.

The 3rd CIBSE Hong Kong Awards which will be launched in March 2023 is the only industry award that focus on actual, measured performance outcomes in built environment, and not just design intent or performance specifications. Entries are open to any organization within Hong Kong, that is responsible for the design, construction, installation, commissioning and operation of low energy buildings with high quality built environment.
